Quality Policy

It is the policy of Burke Precision Machine Company Inc. to manufacture and service products which will meet or exceed customer expectations. Burke Precision Machine has made a commitment to continually improve the effectiveness of our quality management system. Products will be produced in a cost effective manner to ensure customer affordability and corporate profitability.

To accomplish this:

- All products will meet contract requirements.
- All products will be manufactured in accordance with applicable laws and regulations.
- All subcontracted work will be controlled to meet company quality requirements.

All products and processes will be reviewed and evaluated with a focus on prevention of nonconformities through continuous improvement.
